How best to understand the brain? Start by counteracting unintentional biases.

Dr. Yael Niv, PhD, will speak about how to counteract common unintentional biases, and about BiasWatchNeuro, a website that promotes diversity of speakers in conferences. It was covered recently in the New York Times and in Nature: http://nyti.ms/2cibJXg

Wed Jan 25, 2017 12noon
Davis Auditorium (2nd Floor)
Hess Center for Science & Medicine
1470 Madison Avenue
